• Entrepreneurship
  • Environmental Engineering
• Healthcare Innovation
• Information Technology
  Think Tank

• Intellectual Property
  • Process Improvement
    • Public Policy
    • Transportation
• Women in Science and Engineering
NSBE and NIIMBL Partner to Provide Students Biopharma eXperience

ALEXANDRIA, Va. and NEWARK, De. October 17, 2018- The National Institute for Innovation in Manufacturing Biopharmaceuticals (NIIMBL) in partnership with the National Society of Black Engineers (NSBE) are pleased to announce the NIIMBL eXperience program.

The NIIMBL eXperience is designed to provide students at Historically Black Colleges and Universities completing their freshman year a glimpse into the exciting field of biopharmaceuticals. Over the course of one week, students will travel to a variety of NIIMBL member host organizations and federal agencies to gain insight into the diverse career options available in the biopharmaceutical industry. Students will have the opportunity to learn about each organization, interact with current employees, tour facilities, and participate in simulated work activities. They will also gain insight into the role that federal agencies play in bringing innovative treatments to the market for the benefit of patients.
Why join NSBE Professional?

SIG Participation
Executive Access
Professional Development
Networking & Leadership
Professionals Certificates
Participating in Employee Resources Group
